

MA-2000

Digital Network Media Adapter

Playbacks on TV high-quality digital media files

With user-friendly OSD interface and excellent decoding ability, the Digital Network Media Adapter lets you watch the downloaded media files from the shared folder from PCs or NAS through the local area network. Besides, you can also access and play media files via attached USB storage.

Supports P2P download engine and stores media contents.

With built-in BitTorrent engine, MA-2000 allows you to download and save media files into the attached external USB hard drives. BT download is now effortless and green. You can save at least 90% of energy since it only takes 10 watts to keep the MA-2000 on compared with 100 watts just to power on your computer. Save Power and Save Money!

Supports Multi-media format

The MA-2000 supports almost every popular file formats on the internet such as WMV, MPEG-4, DivX, Xvid, Real Video (rmvb & rm), H.264, MP3, WMA, Real Audio (ra), MKV, ISO/IFO that saves your trouble to convert downloaded media format. Just playback the media files on LCD or PDP TV directly through the MA-2000.

HDMI Output for High-Definition file playback

MA-2000 is equipped with HDMI output to keep the original Video/Audio quality without any signal loss. The MA-2000 plus your HDMI flat screen brings you pure digital and high quality Video/Audio experience.

Edimax Home Surveillance Center

By working with IC-3010/Wg and IC-7000PT/PTn, MA-2000 can easily transfer the TV or LCD become a surveillance center. You can view real time video on TV from IP cameras. Additionally, the Digital Network Media Adapter supports Auto Search function to search IP cameras deployed in the local area network without any complicated settings.

FEATURES AND SPECIFICATIONS

Specification

Exterior Interfaces	Video Output	Video	Yes
		Y/Pb/Pr out	Yes Fixed to 1280*720P
		HDMI 1.1 out	Yes Fixed to 1280*720P
	Audio Output	Based Band Audio L /R out	Yes
		S/PDIF (optical) out	Yes
	Extension	USB 2.0 Port	2 Ports
Ethernet	10/100 Mbps RJ-45 Port	1 Port	
Media Download Storage		External USB Hard Drive Support	
Multi-media Support	Video Decoding	WMV	Yes
		MPEG-4 (MP4)	Yes
		Divx	Yes
		Xvid	Yes
		H.264	Yes
		MKV	Yes
		ISO/IFO	Yes
	Real Video (rm, rmvb)	Yes	
	Audio Decoding	WMA	Yes
		MP3	Yes
		Real Audio (ra)	Yes
	Picture Format	JPEG	Yes
		BMP	Yes
PNG		Yes	
GIF		Yes	
Dimension (W*H*L) unit: mm		140*40*210	
Power Adapter 100~240VAC 50/60 Hz AC to DC Adapter		40W, 12V 2A	
Power Consumption		Power on < 14+/- 2W	
		Stand By Mode < 2W
